San Bernardino County Fire Protection District

FIRE OPS 101

FIRE OPS 101 August 07, 2019

Congratulations! You are registered for the IAFF FIRE OPS 101 event hosted by the San Bernardino County Professional Firefighters Local 935. We are thrilled that you have agreed to join us for an experience you will never forget: living a day in the life of a firefighter. On August 7, you will be fitted for turnout gear, wear an air mask, ride in a fire engine, feel the heat of a flash-over, participate in urban search and rescue operations, assist in caring for victim of cardiac arrest and much more. Sound exhausting? It is! Each adrenaline-filled moment will give you a small taste of a firefighter's day on the job. After, lunch will be provided—on us.

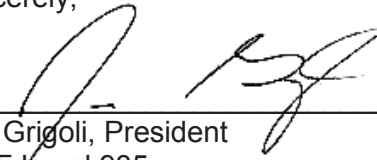

On the day of the event you should wear lightweight clothing such as gym shorts or athletic type pants and a lightweight cotton shirt. Your shirt may be short or long sleeved. Wear comfortable shoes and cotton socks. You will be provided boots for most of the day.

Time: 8 a.m. - 2 p.m.

Location: Richard Sewell Training Center, 2824 West W Street in San Bernardino.

We look forward to meeting you.

Sincerely,

Jim Grigoli, President
IAFF Local 935
